**FLORIAN INSURANCE AGENCY  
NEW BUILDING HOLLAND, OHIO**

**CLIENT:** HOJ Building Co., Mike Hojnacki, 419-824-0000

**SERVICES:** Architectural Design, Civil Engineering

**PROJECT DESCRIPTION**

Feller, Finch & Associates provided architectural and civil engineering design services for the 4,500 square foot new building design project using the design build delivery method. The Florian Insurance Agency building exterior features an impressive blend of cultured stone, brick and fiber cement board shingles. Interior features include mahogany woodwork, high ceilings, glass and tile work and a cultured stone fireplace. The building and site were designed to be integrated into the existing residential neighborhood.
